

PROVIDER QUESTIONS

Provider conversation sheet

Use the same questions with each provider. Take time to compare what matters to you.

- ☐ What do I want this support to make easier in everyday life?
- ☐ Who would work with me, and what relevant skills or required checks do they have?
- ☐ When can the service start, where is it provided and what happens during a wait?
- ☐ What is the full cost, including relevant travel, reports and cancellation charges?
- ☐ How will we communicate, review the service and raise a concern?
- ☐ Are there business connections behind a recommendation, and what alternatives can I consider?
